SKILLS

Languages: C, C++, Python, JavaScript, Java, HTML and CSS
Frameworks: Bootstrap, NodeJS, React
Tools/Platforms: MySQL, MongoDB
Soft Skills: Problem-Solving, Team Player, Leadership, Adaptability

TRAINING

C++ Programming OOPS and DSA – CSE Pathshala June – July 2025
Trainee
Completed intensive training in C++ focusing on Object-Oriented Programming concepts including Classes, Objects, Inheritance, Polymorphism, Encapsulation, and Abstraction. Gained hands-on experience in implementing core Data Structures and understanding Algorithm fundamentals. Strengthened problem-solving skills by solving coding challenges and applying optimized approaches to real-world programming tasks.

- Object-Oriented Programming concepts (Classes, Objects, Inheritance, Polymorphism Encapsulation, Abstraction)
- Data Structures
- Algorithm Fundamentals
- Problem Solving

PROJECTS

AnonyMate – Redacting Tool | Link June – July 2025

- Built a tool to detect and redact Personally Identifiable Information (PII) from images and PDFs.
- Used multi-language OCR (Tesseract) to extract text and identify sensitive data.
- Applied image processing (OpenCV) to blur or blackout detected PII regions.
- **Tech**: Python, OpenCV, Tesseract OCR, Tkinter

Nexus Games – Game Night recommender| Link April – May 2024

- Flask-based API that recommends fun family games using Google's Gemini AI based on number of players and duration.
- Integrated generative AI with prompt engineering and parsed structured JSON from markdown responses.
- Designed a clean POST endpoint for frontend use with robust error handling and CORS support.
- **Tech**: Python, Flask, Gemini API, REST, JSON

CERTIFICATES

- The Bits and Bytes of Computer Networking - Coursera September 2025
- C++ OOPS and DSA – CSE Pathshala August 2025

ACHIEVEMENTS

Selected in Cognitia'25 – Top 5 Tech Projects
Recognized for building a Fake Image Detector using AI to verify image authenticity and detect manipulated content.

Showcased AnonyMate at a Machine Learning Expo
Presented a multi-language PII redaction tool build using OCR and AI, capable of detecting and anonymizing information in images and PDFs.

EDUCATION

Lovely Professional University Phagwara, India
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 7.3*** *Since August 2023*

Resonance Hyderabad, Telangana
Intermediate; ***Percentage: 89*** *July 2021 - March 2023*
